THE NW'S #1 RED HOT CHILI PEPPERS TRIBUTE

## about

Est. 2020, Readymade is The PNW's #1 tribute to the music of the Red Hot Chili Peppers. The band's three seasoned instrumentalists are Nate Bushmaker (A Band Called Celia), Zak Melang (Supersonic Soul Pimps), and Chase Culp (Point One) playing the parts of "John Frusciante", "Flea", and "Chad Smith", respectively. Readymade found their free spirited "Anthony Kiedis" when a mutual friend spotted Derek Sepesy crushing "the Zephyr Song" at weeknight karaoke!

Readymade brings the sound and energy of the iconic SoCal quartet to life!

- "(Readymade) is a fantastic live band! As a long-time Chili Peppers fan, I didn't know what to expect but once they hit the stage, it was clear that these guys are the real deal. Meticulous attention paid to vocal delivery, instrumental parts, tones and harmonies made them a super fun band to watch and hear."
